Completed engine major overhaul this date in accordance with Lycoming overhaul manual 60294-7, parts manual PC-306-1 and all applicable service bulletins, letters and instructions. This engine has been overhauled to new factory fits & limits. Crankcase align bore certified, crankshaft polished standard size main and rod journals, camshaft reground certified, counterweights reworked in accordance with SB#1143B, connecting rods align bored and cylinders replaced with factory new complete assemblies. Accessories overhauled or replaced with new as follows: Carburetor, starter, alternator, engine driven fuel pump, vacuum pump, oil cooler, prop governor, new ignition harness and new spark plugs. Engine dynamometer tested in accordance with Lycoming's overhaul manual and is approved for return to service. All maintenance release tags and list of C/W ADS in back of logbook. For complete details concerning this overhaul, refer to W.O.#6903 on file at this overhaul facility. END.
